

Trinity College of Nursing and Health Sciences

Medical Laboratory Science Program Outcomes 2023-2024

The mission of the Trinity College of Nursing and Health Sciences Medical Laboratory Science Bachelor of Science program is to provide baccalaureate-level education using innovative teaching and learning strategies that will develop Medical Lab Scientist for a career in the laboratory that promote the health of individuals, families, and communities.

The Medical Laboratory Science (MLS) program prepares laboratory professionals through a one-year blended program. Students enrolled in the MLS program complete all general education courses before starting the MLS coursework that includes classroom, laboratory, and clinical course work. Graduates will receive a Bachelor of Health Sciences degree with a MLS major and qualify to take the MLS certification exam upon completion of program requirements.

Certification Exam First Time Pass Rates

Certification Exam First Time Pass Rates 2023-2024 (# passing 1st time/total number testing)
